"Thanks Mike! It's always a pleasure working with you guys...and you really helped us to make the most of a tough project with that parking lot. Please know how grateful I was for your patience and assistance."
Molly Kovaka, Southwest Architectural Builders, Inc.

"I want to thank you personally as well as on behalf of Niche Contractors, Inc. for doing a GREAT job for us at Scottsdale Community College! Please extend to your crew my thanks for their excellent coordination, cooperation, and execution! It was a true pleasure to work with real "Pros" like you and your team!"
Terry Miller, Niche Contractors Inc.

"Thank you for stepping up and completing these items. It has been a pleasure working with you. I hope we have the opportunity to work together again soon"
Jill Donovan, D.L. Withers Construction L.C.

"I just wanted to say thank you for all your help on this, and making it easier on my pocketbook. Your assistance on the jobsite and your friendship to RBI will not go unnoticed. You are a great company, and certainly a valued partner to RBI!!"
Steven A. Stoaks, Reliance Build, Inc.

Now, more than ever...

Why it's so important *now, more than ever*, to choose the right company for your underground utilities:

Slow Economy: You need a company who will deliver services reliably, with integrity, with excellent prices, and with seamless integration with your team.

Improving Economy: When things pick up, you need a company that can mobilize quickly. We have the resources to complete the biggest jobs. We won't overbook our staff. You can be confident we will show up on the job ready to help you complete your project on schedule.

Dust Control: MCAQD issues millions of dollars in fines each year. You can trust North Star Pipelines, as dust control specialists, to go above and beyond the regulations to keep you and your company risk free.

"This Isn't Our First Rodeo":

North Star Pipelines was started during a tough economy. Our six man management team has over 160 years combined experience. We have thrived as a result of conservative management, and long term vision. Isn't it good to know that your underground utility subcontractor will be around to keep all promises, honor all warranties, and finish the job?
